2. This will be the form displayed for you if you are a Player

Practice Mode

Create a Pitcher Practice Session with specific target locations and specific pitch patterns.

Enter the name of the practice session *

This is the name the pitcher will select (i.e. pitch left side then right side) Hit a spot X times before moving to next spot.

Target Display *

Select the Target Name you want to display.

Display Result Target Name *

Select the name of the Result Target you want to display

Starting X Value *

Select the X Value (A-Z)

Starting Y Number

Select the Y Value 1-25.

Ending X Value *

You can make the Target as large as you want. Select A-Z.

Ending Y Value *

Select a value 1-25.

Target Color *

What Color Do You Want the Target to be that the Pitcher will aim at?

Move to Next X/Y? *

Select how to move to the next Target.

After X number of pitches or

After X number of successful pitches

Send me a copy of my responses
